I was going to suggest as well, but it doesn't have those features you ask, it's pretty basic.. • Capti: Highlights sentences, etc • Voice Dream reader (I hear it has great voices and a good interface).. Here are a few that you might be interested in looking into (most are free or have free trials and all of them can play, pause, skip and go faster): • Speechify: free, uses RSVP and is absolutely awesome, but is a bit glitchy because it's not finished.
